Florida West Coast Public Broadcasting, Inc.

WEDU is West Central Florida’s PBS station and public media company reaching 16 counties with programs that broaden horizons, transport and transform and open gateways to new ideas and new worlds. Financially supported by the community, the organization offers a wealth of award-winning inspirational, educational and enlightening content over a variety of multi-media platforms including: television programming, wedu.org and various social media platforms, monthly member magazine Premiere, educational outreach activities and a myriad of special events. WEDU's focus on the local community has resulted in the station being regarded as a beacon of trust for men, women and children of every walk of life no matter their age, ethnicity or socio-economic status. WEDU is a treasured community resource; a window to the world for the homebound and a vital educational source for the youngest members of society. WEDU prides itself on its position in the Tampa Bay community as a leader, partner, informed citizen and a member of PBS, the most trusted institution in America.

Dear Friends of WEDU,

It has been another incredible year for WEDU PBS! WEDU’s on-air programming continues to be the foundation in providing mission driven content that informs, inspires, entertains and enhances the lives of West Central Florida’s citizens.

WEDU has brought the best in science, education, music, dance, drama, and public affairs to the more than 5 million people WEDU serves. We have produced another year of engaging local programs including FLORIDA THIS WEEK, SUNCOAST BUSINESS FORUM, UP CLOSE WITH CATHY UNRUH, WEDU ARTS PLUS, WEDU QUEST, and THAT’S ALL I’M SAYING WITH ERNEST HOOPER. We’ve produced these local programs because we’re passionate about the communities of West Central Florida and we believe that you are too! If you missed any episodes, I invite you to watch them online at wedu.org.

WEDU offered even more ways to connect with us by bringing these programs to life in the community through outreach events and online services. This past year, even more of our region’s teachers explored Florida PBS LearningMedia, an online resource with more than 130,000 PBS educational videos, games, and lesson plans for use in the classroom at no charge to educators. We continued our community outreach with a collection of special town halls, documentaries, and roundtable discussions around autism, Veterans, and education.

WEDU also continued strong partnerships with organizations like The Community Foundation of Tampa Bay, which helped raise more than $1.7 million for local charities on Give Day when WEDU served as the Media Headquarters and produced a live 8-hour stream of the event.

All of these services and content are made possible by donations from viewers. We could not do it with you!

We are honored that you put your trust in the one place, that can take you anyplace.

We’re glad you’re along with us on this journey. Thank you for your generous continued support of WEDU PBS.

Susan Howarth
WEDU President and Chief Executive Officer
WEDU PBS Local Productions

WEDU PBS produces a collection of local programs that include FLORIDA THIS WEEK, SUNCOAST BUSINESS FORUM, UP CLOSE WITH CATHY UNRUH, WEDU ARTS PLUS, WEDU QUEST, and THAT’S ALL I’M SAYING WITH ERNEST HOOPER. WEDU’s local programs, documentaries and town halls continued to engage viewers.

Cathy Unruh, host of UP CLOSE invited viewers to meet the extraordinary people who impact West Central Florida. Each half hour highlights personalities and topics with both local and broad appeal. This year’s episodes have included Big Cat Rescue, Faith House Community Garden, Florida Orchestra music director Michael Francis, and many more.

WEDU ARTS PLUS made unexpected discoveries in the arts and culture throughout West Central Florida and beyond. This season, WEDU ARTS PLUS shined the spotlight on a variety of local artists.

On SUNCOAST BUSINESS FORUM, host Geoff Simon sits down with our area’s most influential and successful leaders and entrepreneurs in West Central Florida including John Gainor, CEO of Dairy Queen; Larry R. Thompson, president of Ringling College of Art and Design; Nick Friedman, co-founder of College Hunks Hauling Junk and Moving, and others.

Ernest Hooper, host of THAT’S ALL I’M SAYING, tackled the topic of concussions in the NFL, education, music and Florida history. Each week, Rob Lorei hosts FLORIDA THIS WEEK. This moderated discussion provides viewers with informed, lively conversations with an array of some of the area’s brightest political analysts. FLORIDA THIS WEEK also hosted targeted round table discussions on topics such as education.

There’s always something new to explore and learn on WEDU QUEST! This monthly series captures the latest breakthroughs in science, technology and education.

WEDU PBS Autism: Breakthrough to Hope

WEDU hosted a live taping of a community conversation about autism. Families and caregivers of children or adults with autism, professional experts, business leaders and companies who advocate through education and employment discussed autism and other related disabilities. The program highlighted some of the struggles and successes through personal experience.

Prior to the taping, guests were able to mingle with a variety of organizations that serve the autism community. A companion website page was also developed to include information for local resources available within the community.

Additional video resources were also provided on the companion webpage at www.wedu.org/autism. They included related programs from PBS NEWSHOUR and Independent Lens.

**FROM TOP:** Cathy Unruh hosts the Autism: Breakthrough to Hope townhall taped live in the WEDU studio.

Local organizations hosted booths in the lobby of WEDU prior to the taping of the autism townhall.

WEDU PBS Original Documentary

WEDU continued its legacy of great storytelling with the newest documentary, THE FEMININE TOUCH - THE STRUGGLE FOR EQUALITY IN MEDICINE which tells the story of Andrew Taylor Still.

In 1892, Andrew Taylor Still did the unimaginable when he accepted women and men equally in his new medical school. The Feminine Touch showcases the valiant women who rose above adversity to become osteopathic physicians in those early years, and includes today’s prominent female DOs who carry on that legacy. Their fight for equality is intertwined with the struggles of osteopathic medicine to be accepted as a valid scientific practice, illuminating how osteopathic medicine developed into the flourishing profession it is today.
WEDUleveraged PBS national programs encouraging viewers to explore new ideas and broaden personal horizons with content that showcased education, arts, culture, science, nature, news and public affairs locally and around the world.

While viewers were still missing DOWNTON ABBEY on MASTERPIECE, there was no shortage of quality drama programs on WEDU. In January, VICTORIA premiered and viewers were able to follow Victoria’s dramatic story, from the time she became queen in 1837 at age 18 through her relationship with Lord Melbourne, her first prime minister, and her courtship and marriage to Prince Albert.

GREAT PERFORMANCES allowed viewers to gain intimate access to Lin-Manuel Miranda and his colleagues during the two years leading up to the Broadway opening of the Pulitzer Prize and Tony Award-winning musical megahit Hamilton.

The summer of 2017 was full of great programs to explore as part of the Summer of Adventure. Programs such as THE STORY OF CHINA, BIG PACIFIC, and GREAT YELLOWSTONE THAW ensured that there was plenty to explore on WEDU during the hot summer months.

We also explored America’s wild side with WILD ALASKA LIVE by joining zoologists Chris Kratt and Martin Kratt on an adventure through Alaska’s wilderness to capture animals taking part in Alaska’s summer feast. This impressive project aired live over three nights in July.

Viewer favorite PBS NEWSHOUR continued to keep viewers informed, and topics viewers wanted to know more about were featured as FRONTLINE explored OUT OF GITMO, NFL’S CONCUSSION CRISIS and TERROR IN EUROPE.

Ken Burns and Lynn Novick's ten-part, 18-hour documentary series, THE VIETNAM WAR, premiered on WEDU PBS in September and told the epic story of one of the most consequential, divisive, and controversial events in American history as it has never before been told on film.

Visceral and immersive, the series explored the human dimensions of the war through revelatory testimony of nearly 80 witnesses from all sides—Americans who fought in the war and others who opposed it, as well as combatants and civilians from North and South Vietnam.

Ten years in the making, the series included rarely seen and digitally re-mastered archival footage from sources around the globe, photographs taken by some of the most celebrated photojournalists of the 20th Century, historic television broadcasts, evocative home movies, and secret audio recordings from inside the Kennedy, Johnson, and Nixon administrations.

THE VIETNAM WAR featured more than 100 iconic musical recordings from greatest artists of the era and haunting original music from Trent Reznor and Atticus Ross as well as the Silk Road Ensemble featuring Yo-Yo Ma.

WEDU PBS **Spotlights Veterans**

As a companion to THE VIETNAM WAR by Ken Burns, WEDU produced a local documentary featuring local Vietnam Veterans from the bay area. THE VIETNAM WAR: VOICES FROM THE BAY focuses on those who fought, those who picketed, and those who escaped to the sunshine state for a better life. In this documentary, we heard from hometown heroes who were shot down and others who survived years of combat. Many weren’t welcomed home and are still dealing with the traumatic effects of the war years later.

In the process of producing this powerful documentary, WEDU collected stories from local Vietnam veterans and have placed them online at www.wedu.org/vietnam/stories.

WEDU continued an unwavering commitment to provide quality educational programming for our youngest citizens and prepare children for school. Each week, WEDU provided more than 76 hours of educational programs that inspired children to explore the world around them.

WEDU presented over a dozen workshops and conference sessions, serving more than 300 educators, families, early learning providers, media-specialists and pre-service teachers enrolled in area colleges. Presentations included strategies for incorporating PBS resources into learning environments and featured Florida PBS LearningMedia and PBS Kids Ready To Learn. State-wide conference presentations included the Florida After School Association (FASA) Conference and the One Goal Summer Early Learning Conference.

More than 25 family engagement events provided educational experiences and valuable take-home materials to approximately 15,000 children and families. These successful events were made possible through WEDU partnerships with a variety of community organizations, including area museums, libraries and other non-profit organizations serving the children of West Central Florida. Three of our most successful programs, Free Tuesdays, Storybook Forest and MILO are highlighted below.

Children Board Free Tuesdays are bi-monthly family engagement events created in partnership with Glazer Children's Museum. Each event provides a PBS character appearance, fun educational/craft activities and giveaways, at no cost, to attendees. Free Tuesdays are supported by a grant from the Children's Board of Hillsborough County.

Storybook Forest is free family literacy event, hosted in partnership with the Early Learning Coalition of Pasco and Hernando Counties in collaboration with the Annual Children’s Week celebration.

The Mobile Interactive Literacy Opportunity (MILO) was created through a partnership with the Tampa-Hillsborough County Public Library and Junior League of Tampa. The MILO van made monthly visits to libraries and community centers throughout Hillsborough County bringing free books, a PBS Kids character, arts and crafts, hands-on technology and take home materials for families with information on free PBS digital resources. The project was supported by a grant from the Children's Board of Hillsborough County.

The Cyberchase Step It Up program at Sanders Memorial Elementary, a S.T.E.A.M (Science, Technology, Engineering, Art, and Mathematics) Magnet in Pasco County, began on April 3. More than 600 students and teachers participated in the program that combines math and fitness to increase daily steps over a five week period. The Step It Up program was made possible by a grant award to WEDU PBS from Thirteen Productions LLC.

WEDU online resources provide the PBS Kids, PBS Parents and Florida PBS LearningMedia websites with more than 130,000 resources for parents, caregivers and teachers to help children build critical skills. The sites offer cross-platform games, and thousands of PBS videos available for free:

In November 2015, WEDU received a very generous bequest from a long-time viewer. The $4 million gift was the largest gift to WEDU in its 58 year history. Donors who make a planned gift to the station through a will are designated as Visionaries. WEDU placed Mrs. Ensign's gift into WEDU's Endowment, which is providing long-term support for WEDU's operating budget. Those funds are supporting projects that we believe will honor Mrs. Ensign's gift such as her love of reading to children at the local library.

This year, WEDU launched the opening of a collection of WEDU PBS Phyllis L. Ensign Library Corners at four local libraries, with a goal of 20. That means WEDU PBS Phyllis L. Ensign Library Corners will be inspiring and educating thousands of children throughout West Central Florida.

The library corners include a bookshelf with a robust collection of PBS Kids books, DVDs, and CDs for the library's lending collection. The library corners also include a reading rug, 2 electronic tablets loaded with PBS apps, a collection of 6 turnkey activity sessions with educational materials, take-home materials including a family resource guide, activity sheets, bookmarks, pencils, and more. WEDU also provides the library staffs from each location a free training session on Florida PBS LearningMedia, PBS Read-Aloud Program, and PBS Kids Lab.

WEDU has worked extensively with the public library systems to provide additional community outreach activities. Thanks to the generous bequest from Mrs. Ensign, we now have the opportunity to add a permanent platform of WEDU's multi-media PBS Kids Resources to the public libraries' collections. It's a powerful and exciting opportunity to help inspire a love of learning in children.

WEDU PBS Phyllis L. Ensign Library Corners are currently open at libraries in Lake Wales, Safety Harbor, North Port, and Sarasota. WEDU plans to open a minimum of 20 library corners.
Throughout the year, WEDU provided a wide variety of outreach activities in West Central Florida, including children’s events with character appearances and educational activities, community screenings with engaging discussion, town hall meetings that addressed community needs, historical film screenings and lectures, and much more.

WEDU brought PBS programming to life through community outreach events. This year, WEDU hosted a series of events with Julia Colin Davison and Bridget Lancaster, the new hosts of AMERICA’S TEST KITCHEN. As part of the launch for the new season, WEDU hosted a donor event with cooking demonstrations and tastings in the afternoon. In the evening, WEDU hosted a free community event featuring kitchen skills and food safety tips with the engaging hosts. The events were held at The Epicurean Hotel in Tampa.

While we were sad to see the DOWNTON ABBEY series end, a new MASTERPIECE series began capturing our viewers attention when WEDU hosted an advance screening of VICTORIA at the Polk Theatre in Lakeland. Approximately 350 guests attended to welcome the new program.

In early March, WEDU hosted a free preview film screening of THE FAVORED STRAWBERRY. The film, which features local farmers from Plant City, explored the strawberry industry and the challenges it faces. The film screening was followed by a panel discussion with the filmmakers and local farmers.

Approximately 60 guests joined WEDU for American Stage in the Park at Demen’s Landing in St. Petersburg. The annual event was held on a beautiful spring evening and included food and entertainment from American Stage Theatre.

WEDU PBS Lifelong Learning

WEDU PBS continued to offer opportunities to enrich lives through educational programs for every age. In partnership with the Community Foundation of Tampa Bay, WEDU hosted the 12th Annual Estate and Tax Planning Seminar for Attorneys, CPAs, CFPs and Trust Officers. The annual seminar helps financial professionals keep up to date on the latest changes in laws affecting tax and estate planning, along with fulfilling requirements for continuing education and professional ethics.

Next Avenue, offered locally by WEDU, is a website for the booming 50+ generation tailored to engage, inspire, and inform the more than 100 million people who are transitioning into what many see as a new life stage – a stage between young adulthood and “old old.”

WEDU PBS Provides Resources

WEDU hosts, in partnership with Florida Public Broadcasting Service (FPBS) and Florida PBS stations, an interactive website, FloridaStoriesofService.org. The website brings together programming on Veteran’s topics from PBS stations throughout Florida. Veterans and families can also upload their personal stories to the site as well.

NextAvenue.org, offered locally by WEDU, is a website for the booming 50+ generation tailored to engage, inspire, and inform the more than 100 million people who are transitioning into what many see as a new life stage – a stage between young adulthood and “old old.”
WEDU PBS Be More Awards

WEDU held the 12th Annual WEDU Be More Awards on Thursday, February 23, 2017 at the Bryan Glazer Family JCC in Tampa. The event, created by WEDU, recognized and applauded the outstanding and often unrecognized efforts of West Central Florida’s nonprofit organizations, and individuals that support them. More than 480 guests attended the annual community event that began at 11:00 a.m. with the Hall of Heroes followed by an inspiring luncheon and awards ceremony. The ceremony was hosted by media partners Lissette Campos of ABC Action News and Jack Harris of 970 WFLA AM.

WEDU also featured each of the winners on-air and online during WEDU’s Philanthropy Fridays to raise additional awareness for the services these nonprofits provide in our communities.

For more information on the WEDU Be More Awards, finalist and winners lists, deadlines and event archives, visit wedu.org/bemore.

WEDU Hosts Give Day Tampa Bay

Honoring WEDU’s mission to help raise awareness for local nonprofits, WEDU served as the Headquarters and Media Hub for Give Day Tampa Bay - a 24-hour community wide effort to raise funds for local charities in partnership with the Community Foundation of Tampa Bay. WEDU produced 8 full hours of live streaming coverage of the Give Day Tampa Bay festivities from 11 a.m. - 7 p.m., which featured more than 90 nonprofits. The local online giving event raised more than $1.7 million for local charities. Each hour was hosted by a local media professional. The line-up included WEDU’s Cathy Unruh, Geoff Simon, Rob Lorei, Dalia Colon, Shelley Hollingsworth, local news anchors Lissette Campos, Alison Kropf, and columnist Ernest Hooper.

Premiere, WEDU's member magazine, is distributed 11 times each year to more than 28,000 subscribers. As one of the many benefits of membership to WEDU, Premiere magazine continues to keep viewers connected with WEDU's programming and outreach activities.

WEDU PBS Membership

WEDU’s members make it possible to broadcast across 16 counties. These member contributions, our largest source of income, ensure that the highest quality educational programming and online resources are available to our community. Without this vital support, WEDU PBS wouldn’t be able to produce local programs like SUNCOAST BUSINESS FORUM, WEDU ARTS PLUS, FLORIDA THIS WEEK, UP CLOSE WITH CATHY UNRUH, WEDU QUEST, and THAT’S ALL I’M SAYING WITH ERNEST HOOPER, offer free community outreach events, or provide teachers classroom-ready resources.

Many members choose to become Sustainers because it’s easy. With automatic monthly donations starting at $5 and no renewal notices, sustaining Members continue to enjoy their membership benefits and the satisfaction of knowing they are providing vital support every month. Members donating a minimum of $60 can also enjoy WEDU’s newest member benefit, WEDU Passport.

WEDU Passport

Being a member of WEDU has many benefits. WEDU Passport has become a member favorite. WEDU Passport is the newest member benefit that provides members with extended access to an on-demand library of quality public television programming. Featuring both PBS and select local programming, WEDU Passport allows viewers to watch even more episodes of their favorite shows, including DOWNTON ABBEY on MASTERPIECE, INDIAN SUMMERS, POLDARK, THE GREAT BRITISH BAKING SHOW and more. Visit www.wedu.org/passport for more information.

WEDU PBS Board of Directors

WEDU’s Board of Directors is comprised of outstanding community leaders from throughout WEDU’s 16-county viewing area who give generously of their time and talent.

Members help guide WEDU PBS in achieving its mission by serving on a variety of Board committees including the Executive, Budget and Finance, Investment, Audit, and Community Partnership committees.

Board members also serve as ambassadors during WEDU’s community outreach events and often speak on behalf of WEDU’s mission and vision.

As board members, their duty is to work with other Directors and staff members in the important work of delivering education, culture and citizenship to the people of West Central Florida.

Be More, Be Involved.

INTERNSHIPS: WEDU continued to host a robust internship program. Interns worked on a variety of projects included working on WEDU’s local productions; taping on-air spots; assisting with editing; working with the WEDU Be More Awards; assisting with a variety of outreach events raising awareness about Autism, kids and alcohol, and cancer; and working on graphic design and general public relations. WEDU attends local university internship and job fairs to recruit interns.

VOLUNTEERS: WEDU relied on volunteers to fill many needs at the organization. Volunteers helped accomplish daily clerical needs from filing to developing mailing lists and assisting with events such as WEDU’s Be More Awards, Professional Estate Planning Seminar and a multitude of other station needs. Volunteers also answer phones during membership drives. These campaigns are crucial to WEDU’s financial stability and support our on-air programming, outreach activities, and other community services.

WEDU PBS Staff

Along with providing support for the many on-air and community programs WEDU offers, many staff members have also provided their expertise in the classroom and on various committees and panels throughout the community.

WEDU also continued to provide a robust collection of teacher workshops, kids educational events, community outreach screenings, professional development seminars, and many more community driven initiatives throughout West Central Florida.

WEDU staff members also work extensively with interns from a variety of schools and programs sharing valuable knowledge in television productions, marketing, communications, graphic design, social media, web design, journalism, photography, community event planning and much more.
